KLEANTOUCH LAMINATES

HELPING TO KEEP DOOR SURFACES CLEAN

Whether it's for a front or back of house application, KleanTouch laminates can play a big role in helping to keep door surfaces clean, which is ideal for restaurant applications. Eliason KleanTouch laminates are available for ANY traffic door model that comes with a laminate, including gate and cafe doors! The KleanTouch laminate is attractive, yet durable. Not only does it offer **built-in surface protection**, it is **fingerprint resistant**, features a **soft-to-the-touch super matte finish** and has **thermal healing capabilities**! The laminate is easy to clean and comes in a variety of colors, patterns and woodgrains.

HELP TO KEEP DOOR SURFACES CLEAN WITH OUR KLEANTOUCH LAMINATES.
