

TMI VINYL-PRO® ROLL-UP DOORS

ROLL-UP DOORS WITH VINYL PANELS

TMI's Vinyl-Pro® Roll-Up Doors are one of the most economical solutions for temperature control and environmental separation in warehouse and manufacturing environments. TMI Vinyl-Pro Roll-Up Doors have the same features and benefits of high-performance doors at just a fraction of the cost. You can use the Vinyl-Pro to block out dust and airborne pollutants, reduce noise levels, improve employee comfort, security and productivity; or simply separate environments within your space. The Vinyl-Pro is available in various mounting styles as well as a selection of various material options.

TMI VINYL-PRO® DOORS IMPROVE EMPLOYEE COMFORT, SECURITY AND PRODUCTIVITY

FEATURES & BENEFITS:

- Separates environments
- Increases energy savings
- Blocks out dust and airborne pollutants
- Reduces noise levels
- **Modular Panels** - interchangeable door panels allows for various material options.
- **Extruded Aluminum Guide Tracks** - UHMW* inserts reduce friction and add additional protection & security.
- **Extruded Aluminum Wind Bars** - High strength stiffeners combat winds and negative air pressure.
- **Breakaway Bar** - Prevents screens from breaking if hit. Bottom bar releases in either direction and can easily be put back into the track.

OPTIONS:

- NEMA-4 upgrade
- Safety reversing edge
- Pullcord station
- Remote control
- Motion sensors
- Photo eye
- High cycle upgrade

MOUNTING STYLES:

- **In-Jamb** - Requires approximately 8.5" headroom and 4.5" of space on each side of the jamb.
- **Face of Wall** - Use when no existing door is present. Can be mounted inside or outside. Hoods available.
- **Inside Stand-Off** - Mounts in front of existing roll-up or sectional door.

VINYL OPTIONS:

- 22 oz and 40 oz PVC coated vinyl
- 40 oz only available in standard colors.
- Clear PVC vision panels are also available

Standard Colors:

Optional Colors:

Vinyl-Pro shown with optional gray vinyl.

Model	Description
VP-1000	Spring Loaded Manual Roll-Up Door <i>Maximum Door Size: 10' wide x 10' high</i> The VP-1000 features a spring-loaded manual movement mechanism with pull down straps.
VP-2000	Chain Hoist Manual Roll-Up Door <i>Maximum Door Size: 14' wide x 14' high</i> The VP-2000's right side mounted chain hoist is an economical alternative to motorized doors.
