DEDICATION

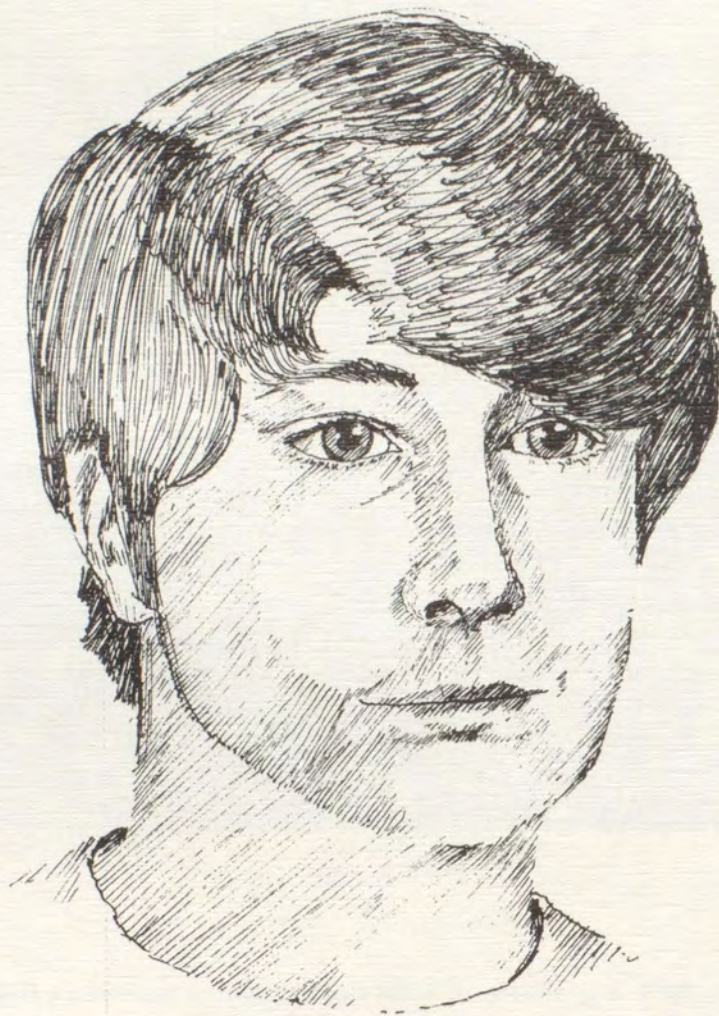

Philip W. Legal

Mr. Legal retired in June, 1975. A graduate of Thiel College with a Bachelor's Degree and Penn State University with a Master's Degree, he taught Physics and Chemistry in the high school. His extra-curricular activities were many as he was advisor to numerous groups including: Student Council, and Senior Class; he also directed the junior class play.

It is with sincere appreciation for his many years of service and influence that we, the class of 1976, dedicate our yearbook to Mr. Legal.

AMERICAN FIELD SERVICE STUDENT

Dean Dahl

In October 1974 I was chosen as the 1975 summer foreign exchange student. AFS International in New York sent me a letter stating that I would be making my summer home in East Africa. Two weeks later I took up residence with Major and Mrs. Kutukhulu and their ten children in Nairobi, Kenya.

Kenya is a country filled with natural beauty and fantastic people. Every time the exchange students went on tour of the country, people would open their doors and their hearts to us. The AFS motto expresses this cultural exchange in these words:

"Walk together, talk together,
All ye people of the earth;
Then, and only then,
Shall ye have peace."

I would like to express my thanks to all the people in AFS who made my experience possible.

Dean Dahl

AMERICAN FIELD SERVICE STUDENT

Marc Feider

I am a little puzzled at first because of my numerous impressions of my new home. The Downey family bids me an extraordinarily cordial welcome and I begin to look for opportunities to make new friends and explore the countryside.

I discover very soon that Corry, although small, is a charming city with many activities. I enjoy the winter season particularly, the snow, the frozen lakes, and the skiing at Peek 'n Peak.

I was most impressed that school here is a social center where students spend a lot of their spare time involved in many activities. They show much enthusiasm for almost everything that is connected with sports.

I want to mention also the excellent teachers whom I had at Corry Area High School. They did a great job.

I hope that my stay here contributed in some way to a better international understanding which might lead to a more peaceful world in the future.

I thoroughly enjoyed my AFS experience and am extremely grateful to the friendly people of Corry who made me feel at home and showed me their hospitality for an entire year. That's why I say a brief but warm "thank you very much."

The 1975-76 season was one of steady improvement, but not what the sports' writers would call successful. The team managed 3 dual-meet victories and tied for third place in the District Qualifying Meet at Oil City. The real story of this season was one of determination and self-improvement which must precede any success as a team. The highlights of the season are as follows: the "psyched up" Beavers when Titusville showed up for a rematch, the "drop" in so many times in the Titusville meet—Rich Parks equaled the team record in the "500", the shaving of one-half of a freshman's mustache after the Franklin meet, the shaving of one-half of a freshman's beard after the Titusville meet, and the attempt by Matt Hotchkiss to destroy 10 hamburgers after the section meet.
