THESE SHOES

Corry Area Middle-High School
534 E. Pleasant Street
Corry, PA

Opening |

As the sun rose one late August morning in 2001, almost 200 students entered Corry Middle School as the class of 2007. Excited and nervous at the same time, none of us could have imagined the challenges we would be faced with throughout these next six years. With the introduction of block scheduling and lockers, this was also the introduction of new friends. We were one of the last classes to come from five different elementary schools; Concord, Columbus, Conelway, Spartansburg, and Wright.

August 2002, a new year and a chance to rule our end of the school. We finally could open our lockers on the first try and we knew where all of our friends sat at lunch. It was our last year to experience fun things like ABC lotto assemblies, going to the Peek 'n Peak, the Student Council trip to Darien Lake, and making rockets with Mr. Morrison, and for the first time the Pledge of Allegiance was no longer mandatory.

As August of 2003 approached, feelings of fear and confusion filled our minds as we started our first year of high school. This was our year to learn, our year to find ourselves. For some the transition was harder because they were coming from St. Thomas. We also learned that the Homecoming Assembly was more involved than we thought. Thoughts of witchcraft was a huge deal with the seniors shirts saying, "We'll Get You!"

As we entered our second year of high school, things were finally exciting. We finally weren't the bottom of the totem pole. Bomb threats were happening left and right, but everything always turned out to be okay. We were all turning sixteen and learning how to drive. We were finally cool enough to park in the parking lot.

And finally we were juniors. The best year of high school was full of memories. We would be the last class to enjoy Business Week as one class. There was yet another bomb threat except this time we were all rushed to the football field and let out early. This was also the first year we would get the pleasures of decorating for Prom! With stressful nights and full days of decorating, we all had a blast. Only too soon was the year of 2007 approaching.

And then one morning we woke up and senioritis filled every inch of our bodies. We were hanging out with people we had never talked to before, just to make sure we could have all the friends possible before our last year ended. Our football team suddenly was amazing, going to playoffs for the first time in over 10 years. This was supposed to be the easy year of high school; our year to just relax. Ordering caps and gowns and our senior fundraiser were just the beginning of our stressful year. Not to mention the biggest decision of our lives ... where to go to college next year.

"... As we go on, we remember, all the times we had together. And as our lives change, from whatever, we will still be, friends forever..."

STRUCK

Hard Work Pays Off!

Mrs. Dougherty and the Junior class worked very hard on prom this year. The theme was "Star Struck."

Could it be possible that stars such as Beyonce, Alan Jackson, Vin Diesel, Austin Powers, and Rocky were there to dance the night away?

Birth of a Mascot

Don't follow the leader..... be the leader.

What is the Beaver? The Beaver represents our school spirit as our mascot, and the teachers, students, custodians, cafeteria helpers symbolize school spirit. That's what makes up our school; who we are at CHS.

Last August an anonymous high school graduate from Corry donated a gray fiber glass Beaver to the high school. Mrs. Kirik and Mrs. Brown, along with some students, scanned, photocopied and cut out pictures that were donated to them, which comprise students and faculty from our past, present, and the future. The pictures are decoupage on the Beaver with a clear seal so that it is waterproof. There are thousands of pictures on the Beaver. Mr. Dougherty and his class added wheels to the bottom of the Beaver so that it could be moved around for different events. Its home is the front lobby for everyone to see.

Shoes that are always performing. Theater class shows off.

Theater class allows students to be someone other than themselves. For many it's a great way to show their creativity and talent.

Mrs. Kirik and Mrs. Brown along with a group of dedicated students made preparations for the first annual arts festival. A celebration of the visual and performing arts. >>

Corry High Spring Musical

Several students tried out for a chance to perform in this year's spring musical *Anything Goes*. Once selected as a cast member, they spent many hours after school rehearsing before presenting the musical to the public in April.

PEP RALLY

For the first time an all school pep rally was held on the football field on one bright autumn day. Grades 7-12 were assembled on the bleachers according to grade. To rally up school spirit Mr. Potocki lead each grade in a class yell. You could hear the beaver cry all the way to Center Street.

GO BEAVERS!!!!

The marching band added a bit of rhythm and helped pump up the students.

Students were happy to get out into the bright sun and head for the bleachers for what hoped to be a more frequent type of pep assembly.

Teams Introduced

The girls soccer team comes off the track after being introduced to the student body. All fall sports were asked out to be introduced during the program. >>

ASSEMBLY

Motivational Speakers

We had two motivational speakers this year, both were former athletes. The first one as you might remember was the speaker that ripped the phone books in half and used the word HEAVY a lot in his speech. It was heard through out the school for months. The second speaker, he called himself Dr. Clops, told us about ASPIRE. He had examples for what each letter stood for.

Varsity Winter Cheerleaders

Above, the winter cheerleading squad performs their dance for the student body and finishes with an amazing stunt!

Girls Basketball

To the right, Bridget and Melissa talk about their season and introduce the rest of the team.

Winter Sports Assembly

We the People

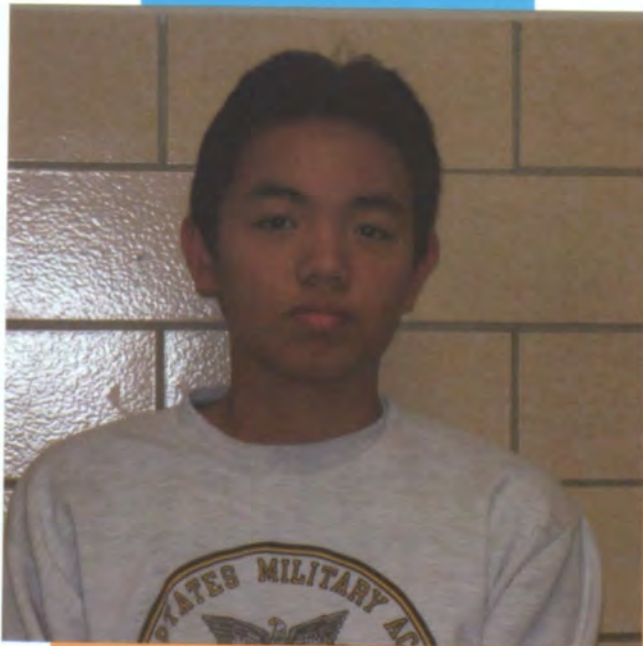

For the second straight year students of Honors POD competed in and WON the state WE THE PEOPLE competition in Philadelphia. Students use their knowledge of the constitution to answer questions posed to them by lawyers and judges.

Members of Erie's Bar Association presented the members of the team with monies to help defray the costs to attend Nationals in Washington D.C. Each student also recieved a certificate of achievement.

His name is Matthias Otten and he is from Germany. He came to America so he can paint himself a picture of a culture through his own eyes. Matthias learned how to hunt during his stay and also got involved in different school activities. He was a member of the swim team and the robotics team. He likes the independence that is given to each student in the classroom.

The foreign exchange student from the Philippines is named Oliver Jurgen D. Escoto. He came to America to see what it was like. He has learned a lot in America. Although Oliver likes the snow, he does not like how cold it is here. He joined the soccer team and the swim team.

Service with a smile.

Andrea and Amy help to keep TJ's customers coming back for more. >>

The Co-Op program offered through the Career and Technical center allows Joel to spend half his school day at Corry Lumber working. Cody joins him after school.

Did you find everything you were looking for?

The line to Leah's cash register is always a quick moving one as she takes care of customers with a smile on her face.

EAT FRESH!

How many of you knew that Dustin was a master sub-maker?

I'm Lovin' It....

Kylie makes sure that orders are taken correctly and quickly

Katrina quickly grabs a couple drink cups while Julie and Trent have the speed and accuracy to create your favorite McDonald's sandwich.

Any Dressing?

David helps to make an ordinary sub extraordinary with customer selected toppings.

Can I help you find something?

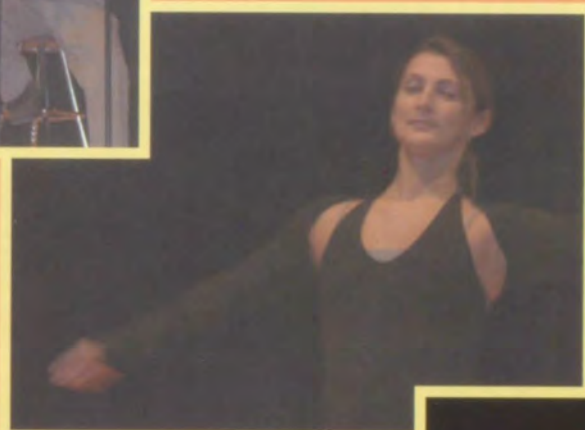

Zack's friendly smile can be found at Rite Aid whether he is helping someone locate a specific item, running the register or stocking the shelves.

Robotics Team 306

award winners at Pittsburgh

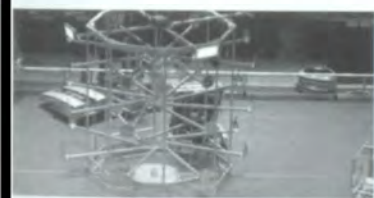

Pittsburgh Regional Woodie Flowers Finalist Award winner, Ken Morrison of Team 306.

The Woodie Flowers Award celebrates effective communication in the art and science of engineering and design. Dr. William Murphy and Small Parts, Incorporated founded this award in 1996 to spotlight the communication skills displayed by Woodie.

This hardworking mentor has played an important role in developing FRC and FLL teams in his area. He cheerfully offers the type of encouragement that draws the best from his students. Students have learned that coming up with their own answers is an important part of the robotics problem-solving process.

His faithfulness in his students and FIRST is unwavering. He expects that the team robot will be built by the students; this mentor is just there to guide them in the right direction.

The Delphi Driving Tomorrows Technology award celebrates an elegant and advantageous machine feature including, but not limited to: design, wiring methods, material selection, programming techniques, and unique machine attributes. The team that wins this award must be able to describe in concise terms verbally, as well as demonstrate the chosen machine feature. This winning team was able to clearly describe as well as demonstrate their elegant machine feature.

This years competition seems to be all about ramps. Building a ramp that is functional and elegant is no easy task.

With a video, and impressive on field play, this team was able to effectively describe their robots key feature.

Their ramp is wide enough to accommodate any alliance, safe with stops on the side and back. Most impressive is the teetering effect to seal the deal.

Congratulations to team 306, Corry Robotics Team, CRT.
