

ATTENTION: VILLAS RESIDENTS, FAMILY MEMBERS AND TEAM MEMBERS

IMPORTANT – 3/9/2024 COVID-19 UPDATE – *please read this in its entirety.*

We recently identified residents on the **GARDENS A** neighborhood who tested positive for COVID-19. These residents will remain in isolation as per regulatory guidance and facility policy.

Subsequent to this result, the neighborhood has been moved to **YELLOW ZONE** status.

GARDENS A is currently a **YELLOW ZONE**. The following guidelines apply:

- Any resident who presents with symptoms consistent with COVID-19 will be tested; otherwise, routine outbreak testing will continue as per regulatory guidance until 10 days have passed with no new positive cases.
- Residents are encouraged to quarantine to their room and activities off the neighborhood have been suspended pending results of ongoing testing. All meals will be served in resident rooms at this time.
- Visitation is permitted for all residents regardless of vaccination status; however, visitors should be aware of the potential risks of exposure.

We wish to remind residents and family members that we continue to offer the monovalent boosters for Pfizer for Villas residents only. Consent forms are available in the Villas lobby.

Any team members who present with symptoms consistent with Covid-19 are taken off the schedule and tested. Any resident(s) who present with symptoms consistent with Covid-19 are tested. If you have any questions regarding this communication or St Paul's plan of action please contact Donny Yankle, Administrator or Teresa Heckman, Director of Nursing at the Villas.
