

OPTICAL FILTER'S PRIME OBJECTIVE IS TO EXCEL IN:

**THE DESIGN AND MANUFACTURE OF DISPLAY ENHANCEMENT SCREENS
FOR ELECTRONIC DEVICES FOR GLOBAL MARKETS**

Optical Filters considers respect for the environment an important business responsibility, and encourages all employees to take an interest in the protection of the environment.

Optical Filters will therefore:

- Ensure that the company complies with appropriate legislation, regulations, and other compliance obligations.
- Identify and evaluate any environmental effects associated with the design, manufacture, and supply of Display Enhancement Products, Solutions and Services, in order to control and reduce any environmental impact - including the prevention of pollution.
- Ensure the responsible use of natural resources and the minimization of waste and energy consumption.
- Implement the training of employees to ensure that they are environmentally aware and that neither they, the community, nor the environment, are exposed to harm as a result of Optical Filters' operations.

In meeting the above, Optical Filters will also achieve high levels of customer satisfaction by delivering quality, cost effective products within agreed time frames.

In achieving our prime objective, we will generate the profits required to:

- reward the owners for their investment
- reward our people for their efforts
- provide the funds to support future operations
- provide a stable and enjoyable work place for all members of our company

Optical Filters is committed to the continual improvement of its performance by the monitoring of quality and environmental issues, and through involvement with customers, suppliers, regulatory authorities, and the community.

To help achieve these goals, the company has implemented an integrated Quality and Environmental Management System that meets the requirements of ISO 9001:2015 and ISO14001:2015.

Compliance and improvement is monitored by process measures and internal audits, and is maintained by the timely implementation of preventative and corrective actions.

**MEETING OUR QUALITY AND ENVIRONMENTAL STANDARDS
INVOLVES ALL MEMBERS OF OUR STAFF**

Optical Filters is committed to enhancing the abilities of all staff to support effective operation of the Quality and Environmental Management System, and the achievement of the associated objectives.
