Dear Representative/Senator **[NAME]**,

I'm writing to express my concern and dismay at the Office of Management and Budget memo M-25-13, "Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs."

As a constituent, I am concerned that this memo directly threatens survivors of domestic violence. These survivors cannot wait for a pause while a federal agency analyzes the funding that enables service providers to provide them with the life-saving shelter and support they need. They need our help now, in the immediate wake of the most traumatic and difficult moments of their lives.

As your constituent, I am asking, on behalf of survivors and their families, to do everything in your power to stop this order from affecting core, necessary funding such as this. It is essential that the federal grants on which survivors' service providers depend do not experience any interruption. If they are interrupted, then our ability to serve survivors will be gravely compromised, with immediate and real harm to the people who most desperately need our help.

With regard,
