October is Domestic Violence Awareness Month

Purple Porch Project

Purple is the color of hope, healing, and solidarity with survivors.

This year, Domestic Violence Services of Southwestern PA (DVSSP) invites you to help us paint the town purple—one porch at a time! By shining a purple light, you can spark conversation, show support, and raise awareness—because **Every1KnowsSome1** affected by domestic violence.

Here's how you can get involved:

Visit your favorite hardware store to purchase a purple light bulb.

Replace your porch light—or any outward-facing light—with purple throughout October.

Snap a photo of your purple light and share it on social media. Tag DVSSP and use the hashtag #PurplePorchProject to inspire others.

Every purple light is a reminder that survivors are not alone. Let's come together to shine light in the darkness!
