

JOIN US FOR THE 30TH ANNUAL ARMC FOUNDATION GOLF CLASSIC

Mark your calendars for the ARMC Foundation Golf Classic on Friday, September 11, at Hemlock Springs Golf Club in Geneva!

This annual outing brings together community members, caregivers, sponsors, and supporters for a day of golf, camaraderie, and giving back, all while raising funds to support patient care at Ashtabula Regional Medical Center.

This year's proceeds will help fund the purchase of a new ultrasound machine, enhancing the hospital's ability to provide high-quality diagnostic imaging for thousands of patients each year.

Whether you're an avid golfer or simply looking to support a meaningful cause, we'd love to have you join us. Registration and sponsorship opportunities are still available, and every participant helps make a lasting impact on the health of our community.

There is still time to join us! Secure your spot as a golfer or sponsor by contacting the ARMC Foundation or visiting www.armcfoundation.org.

ACADEMY STUDENTS VISIT GLENBEIGH AND KENT STATE ASHTABULA

In Memory of a Nurse, Educator, and Compassionate Caregiver

The legacy of Lynn A. Pontius continues to make a meaningful difference in the lives of patients throughout our community.

Lynn dedicated her life to caring for others. A registered nurse for more than five decades, she served patients in hospitals, home health, and as a visiting nurse before later becoming a nurse educator with the American Red Cross. Her compassion, commitment to improving the lives of others, and passion for nursing left a lasting impact on countless individuals and families.

Following Lynn's passing in January 2026, her family requested that memorial gifts be directed to ARMC Foundation. In keeping with Lynn's lifelong dedication to patient care, the funds raised in her memory have been used to support two initiatives that will enhance comfort, healing, and access to care for patients across our health system.

One project expanded Ashtabula Regional Home Health's Remote Monitoring Program, which allows clinicians to monitor patients' health from the comfort of their homes through real-time tracking of vital signs such as blood pressure, oxygen saturation, and weight. Memorial donations made it possible to purchase 50 additional remote monitoring devices, helping Home Health reach more patients - especially those living with chronic conditions, mobility limitations, transportation challenges, or limited access to in-person care. This technology enables earlier intervention, reduces unnecessary hospital visits, and provides patients with greater confidence as they recover at home.

Memorial gifts also supported the introduction of The C.A.R.E. (Continuous Ambient Relaxation Environment) Channel, a new resource that will be available on every patient room television throughout the hospital. Featuring peaceful nature scenes, soothing instrumental music, and guided imagery, The C.A.R.E. Channel is designed to create a calming environment, reduce stress and anxiety, and enhance the patient experience before, during, and after hospitalization. Research has shown that guided imagery can significantly decrease anxiety surrounding medical procedures, making this program an important addition to patient-centered care.

Lynn spent her career bringing comfort, knowledge, and compassion to those in need. Thanks to the generosity of those who honored her memory, that same spirit of care will continue to touch the lives of patients and families for years to come.

The ARMC Foundation extends its sincere gratitude to Lynn's family and everyone who made a memorial tribute in her honor. Their generosity has transformed remembrance into lasting impact, ensuring that Lynn's legacy of caring continues to improve the health and well-being of our community. To learn more about memorial and tribute giving visit armcfoundation.org.

ANOTHER SUCCESSFUL MIKE SAWRUK MEMORIAL GOLF OUTING

Because of the generosity of our golfers, sponsors, volunteers, donors, and everyone who supported this event, we are thrilled to share that we raised over \$16,000 to benefit the ARMC Cancer & Infusion Center!
