

IMPROVING PATIENT SAFETY

Patient falls within the hospital setting are a significant safety concern with nearly 1 million patient falls annually in the U.S. resulting in up to 11,000 deaths and over 250,000 injuries. Thanks to a generous donation from Mike Fedler, ARMC is able to implement a state of the art system to help limit patient falls.

The Stryker iBed Vision system uses the latest technology to provide almost real time data to assist in monitoring patient fall risk and alerts caregivers when patients are at risk because they have adjusted their bed outside the assigned protocols (i.e., lowered a railing). This system, which will be used on all inpatient nursing units, guarantees a 40 percent reduction in patient falls.

As a member of the ARMC Foundation Board of Trustees for over 10 years, Mike Fedler has seen first-hand the impact philanthropy has on ARMC and our community.

From renovations to the ARMC Cancer & Infusion Center, the Outpatient Rehabilitation Center, and the Women's Imaging Suite, to investments in equipment and technology, and the building of the patient care tower, philanthropy is vital to providing our community with access to the care they need and deserve.

ARMC ACADEMY APPLICATIONS NOW OPEN!

ARMC Academy is a summer internship designed for high school students interested in healthcare careers. Eligible students are welcomed into the hospital for a professional, practical learning experience. Students are placed in a variety of clinical settings, rotate assignments at least once during the program, have opportunities for short one-day placements, and may participate in lunch-and-learn presentations that provide a well-rounded perspective of both clinical and nonclinical departments of the healthcare system. The culmination of the experience is a commencement program during which students give a presentation on their experiences and are awarded with their scholarship.

The ARMC Academy program is administered by ARMC Foundation in support of ARMC. Since its inception, over 130 local students have participated in ARMC Academy, and many have returned to ARMC as caregivers.

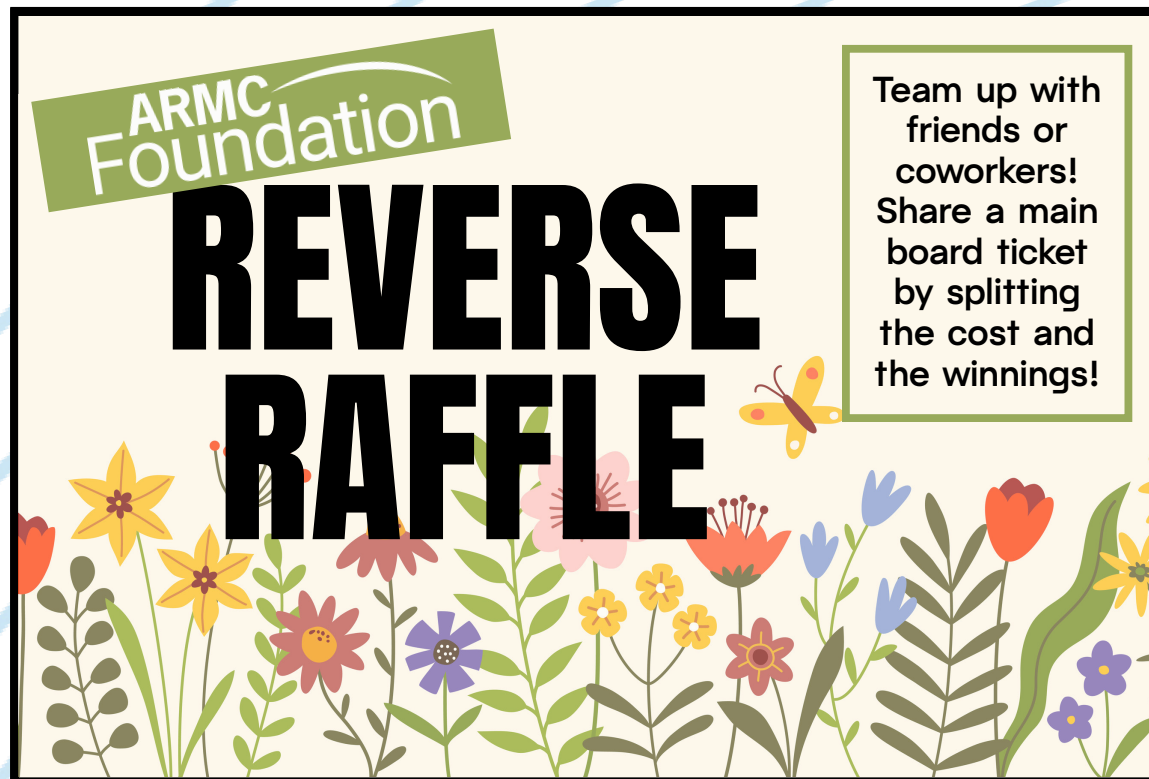

Applications are available through school guidance counselors and on the ARMC website.

Applications are due on Friday, March 20, 2026.

For more information, visit the web address below or contact Amy at 440-997-6604 or amy.price@armchealth.org.

TAKE A CHANCE FOR A CAUSE

The ARMC Foundation invites you to join us for an exciting evening of fun, food, and philanthropy at our Reverse Raffle Fundraiser on Friday, April 24, at the Norman D Banquet Center.

This high-energy event offers guests the chance to win big while making a meaningful impact on patient care at ARMC.

Attendees can choose from two ticket options:

Main Board Ticket - \$300

Includes two tickets to the event, dinner, open bar, and one entry into the main reverse raffle board for a chance at the \$10,000 grand prize.

Dinner-Only Ticket - \$50

Includes dinner and open bar. While this option does not include a main board ticket, guests are welcome to participate in additional raffles and games throughout the evening.

Sponsorship opportunities are also available for those looking to further support this important cause while gaining recognition at the event.

Proceeds from the reverse raffle will support the purchase of two new ultrasound machines, a critical upgrade for ARMC's imaging department which performs over 9,000 ultrasounds annually. Our current ultrasound units, installed in 2016, no longer meet the growing needs of our patients. The new machines will allow ARMC will improve diagnostic confidence, consistency, and efficiency - helping clinicians deliver faster, more accurate results for patients.

By attending or sponsoring this event, you're not just taking a chance at winning, you're helping ensure ARMC has the tools needed to continue providing high-quality, comprehensive care to patients of all ages.

Don't miss your chance to be a part of this exciting night in support of better imaging, better diagnoses, and better care for our community.

To purchase tickets or learn more about sponsorship opportunities, please visit the web address below.

MARCH 30

NATIONAL DOCTORS' DAY

Doctors' Day 2026 is an opportunity to let physicians know how they have touched your life, or the life of someone you love, and a chance to make a contribution that honors their dedication, expertise, and compassionate care.

Honor a doctor with a meaningful donation and support the ARMC Foundation. Along with honoring a special doctor, your donation helps ARMC Foundation support Ashtabula Regional Medical Center in advancing quality healthcare. To honor an ARMC physician, please visit the events page on our website to download the Doctors' Day Giving Form or donate online. Donations of any amount will be recognized.
