

## ARMC ACADEMY: LAST CHANCE! APPLICATIONS DUE MARCH 20

There is still time to apply for ARMC Academy - but the deadline is quickly approaching! Applications are due on Friday, March 20, 2026.

ARMC Academy offers local high school students a unique opportunity to explore careers in healthcare through hands-on learning, mentorship, and real world exposure within the ARMC Healthcare System. Participants gain valuable insight into a variety of clinical and non-clinical career paths, helping them build confidence and clarity as they consider their future.

This program is designed for motivated students who are curious about healthcare and eager to learn more about the many opportunities available right here in our community. Whether interested in nursing, respiratory therapy, pharmacy, or non-clinical roles such as IT or maintenance, ARMC Academy provides a meaningful introduction to what a career in healthcare can look like.

We encourage students to review and submit applications as soon as possible. Don't miss the chance to be a part of this impactful experience!

**For eligibility details and to apply, visit: [www.armcfoundation.org/programs/armc-academy](http://www.armcfoundation.org/programs/armc-academy)**

**Dinner Only Tickets: \$50**

Team up with friends or coworkers! Share a main board ticket by splitting the cost - and the winnings!

**ONLY 100  
MAIN BOARD  
TICKETS  
WILL BE SOLD!**

## CELEBRATING COMPASSION AND COMMITMENT: NATIONAL DOCTORS' DAY AT ARMC

Every year on March 30, communities across the country pause to recognize the dedication, skill and compassion of physicians on National Doctors' Day. At ARMC, the day offers a special opportunity to celebrate the remarkable doctors who have shaped our past, the physicians who care for patients today, and those who will continue protecting and healing our community for generations to come.

Behind every diagnosis, every life saved and every moment of comfort in difficult times stands a physician whose commitment goes far beyond the exam room. ARMC physicians devote countless hours to advancing their expertise, responding in moments of crisis and offering compassionate care when patients and families need it most. Their work is not only about medicine; it is about building trust, restoring hope and improving lives.

This Doctors' Day, the ARMC Foundation invites our community to honor the physicians who have made a meaningful difference in their lives or the lives of their loved ones. Recognizing a doctor is a powerful way to express gratitude for the dedication and care that make a lasting impact on patients and families.

A gift made in honor of a physician helps strengthen healthcare throughout our region. Donations to the ARMC Foundation support Ashtabula Regional Medical Center in advancing quality healthcare, investing in vital programs, and ensuring that our community continues to receive exceptional care close to home.

If an ARMC physician has touched your life, consider honoring them this Doctors' Day. Your recognition celebrates their commitment to healing while supporting the future of healthcare in our community.

To honor a doctor, visit the web address below or download the Doctors' Day Giving Form on our website.
