ARMC Community Healing Garden

Be a part of our legacy by purchasing an engraved stone or bench to be displayed in the Healing Garden.

Nature is proven to promote healing and well-being by reducing stress, lowering blood pressure, and improving pain relief. The new patient care tower was built on these principles, incorporating nature and natural light into the design to improve patient experience and outcomes. A dedicated Healing Garden, accessible to visitors and caregivers, has been built at the south end of the new patient care tower. The Healing Garden which was completed in May 2025 provides an ideal space for respite and contemplation.

13 x 7 Stone (\$200)
4 lines, no more than
15 characters per line

17 x 7 Stone (\$300)
4 lines, no more than
20 characters per line

Catherine Bishop, DO New Chair of ARMC Foundation Board of Trustees

ARMC Foundation Board of Trustees has elected Catherine Bishop, DO to serve as chairperson beginning in March 2025. Dr. Bishop began serving on the ARMC Foundation Board in 2014 and has served as vice chairperson for eight years. She succeeds Sandra Kanicki who served as chair for eight years.

Born in Wheeling, West Virginia, Dr. Bishop worked as a high school and college teacher before going to medical school at WV School of Osteopathic Medicine. She completed her internship at Ohio Valley General Hospital in Wheeling and her residency at Geisinger

Medical Center in Danville, PA. Dr. Bishop began her career in Family Medicine in Chillicothe, Ohio before moving to Ashtabula in 2013.

In addition to practicing Family Medicine for Ashtabula Regional Medical Center, Dr. Bishop currently serves as the deputy coroner for Ashtabula County. As the youngest of eight children, family and faith have been center of Dr. Bishop's life providing her with a passion for mission work. Dr. Bishop has participated in over 20 mission trips both within the US and in six different countries.
